

Kernersville! Cycling Club

The Kernersville Cycling Club was organized to promote the enjoyment of cycling in our local community. We organize fun group rides of various skill levels open to everyone, and support events and activities that encourage cycling. Safety comes first on our rides, and no one gets dropped, left behind, or left out.

Our mission is to:

- ◆ Promote a healthy and active lifestyle through cycling.
- ◆ Create awareness and educate the community about the benefits of cycling.
- ◆ Provide a safe and friendly environment for cycling outings, events, and service projects.

Our rides and events are open, but we hope you will become a member of the Kernersville Cycling Club!
